President's Podium

The Kentucky Society has provided me with many rewarding experiences. It is truly an honor to serve as your 2011 President. I would like to thank the membership and the Board for this great opportunity. The leadership skills of our elected board members, committee chairs, and strong membership will ensure our Society's success.

Society members should be very proud of our past accomplishments. It is because of your dedication and support that the Society was recently recognized as an exemplary professional organization by the reading of a House Citation during the 2011 legislative session, in which all attendees and State Representatives took note and recognized our Society and those members in attendance. This was a very memorable event.

In the past two years, I had the opportunity to attend the AACPM Conferences held in Orlando and Oklahoma City. While attending, it became apparent that the Kentucky Society does have the ability to positively influence the development of professional leadership at both a state and national level. All societies are experiencing obstacles during

difficult times. However, we continue to remain strong due to our united efforts.

During the coming year we will certainly experience challenges and obstacles. However, our professional membership is united. We welcome new ideas and encourage all members to volunteer their skills, knowledge, time, and talents. Members are also challenged to help us grow our membership. A successful organization is made up of many individuals with diverse abilities who share a common goal. It is an honor to be part of such an organization and I look forward to serving as your President and working with each of you.
